## Handwriting Improvement Program

### *Lets get HIP!*

NEW at Unbridled Rehab, we are offering individual and small group handwriting options every Wednesday 4:30pm - 6:30pm.

Count the ways Handwriting Without Tears can help **your** Child!

- Developing good writing habits
- Eliminating reversals or formation confusion
- Cursive training - many school systems have dropped the cursive curriculum.
- Improve hand strength for expanding written assignments
- Teach manuscript using multi-sensory strategies
- Improve spatial awareness for written work
- Promote ideal grip and posture to limit fatigue

Curious as to what fine motor development milestones your child should be reaching at his/her current age? Sign up for a quick screen to see if your child would qualify for services.
